

M/Y ROCKET

PERSONAL and PROFESSIONAL REFERENCE LETTER

for Captain Ivaylo Ovanes - Master of 50m Heesen build MY Rocket (ex Ice Angel)

TO ALL CONCERNED

This is to express my gratitude and voice my impression of Captain Ivaylo Ovanes professional attitude, kind assistance and good cooperation on-board MY Rocket during my assignment there in Dubai waters under his command.

When I joined the yacht in Dubai, he was in command of crew of 12, and after a long commercial track record as Chief Officer and Staff Captain through the cargo and passenger ship fleets, I truly benefited and enjoyed being introduced to the fine yachting industry by such a properly educated, established and well-polished team leader.

He had mentored my steps into this challenging industry all along my time on-board and never failed to give a hand through to all crew needs and attend each crew request. His continued diligence and efforts for a comfortable and safe environment for the crew and guests cannot remain unnoticed.

Since my day one on-board MY Rocket up until my disembarkation I have enjoyed his balanced personality and charismatic leadership in handling challenging multi-tasking routine jobs on a daily basis.

Along with providing friendly and productive working atmosphere on-board he had always given his firm support and understanding, and I am looking forward to working with him again.

Any extra input or confirmation to the stated above, I am happy to provide through my shared info channels in the footer below.

Date: 05-Jun-2018

Signed:
