Career Track Record and Accomplishments

July 2018 - present

Captain / Owner's representative

50m (CRN) Motor Yacht Latona

Truly proud in taking the wheel and being overall in charge of this new brilliant project built and launched from Ancona CRN shipyard in April 2018. Joined her in Italy to find a strong team of 8 crew on-board along with an efficient professional shore-based management support. In tight time frame I found the right approach to crew and Owners so to hit the waves sailing in safety through her busiest months of high Med season 2018 where French, Italian Riviera, Corsica and Sardinia were our season's sailing grounds to feed the expected heightened Owner's interest and impatience in enjoying their brand new fine sailing asset.

All through the Med season 2018 I managed building up a strong professional relation in liaison with CRN aftersales department and rest attending on-the-go sub-contractors, so to facilitate this custom project beauty turn into perfectly working synergy to accommodate her Owners and Guests for an enjoyable cruising.

Her main-yacht-on-display presence at Sting's summer concert In September 2018 in Yacht Club de Monaco was carefully prepared under my supervision to give the event a pleasant luxury companion and fine after-taste in style. Prepared and presented her at MYS 2018 as the newest unique yacht of her size afloat, where I was excited to give my first Captain's interview for the iconic yachtie's [magazine Dockwalk edition January '19](#).

Managed her winter 2018/2019 yard haul period in Amico, Genova in liaison with CRN after-sales department and yard project management to have her passed successful high season 2019. Oversaw her winter 2019/2020 warranty period in CRN shipyard - Ancona, to have her proving fine quality and smooth operation in East Mediterranean Sea high season 2020 cruising safely under my command with Owner and Guests ever since.

February - May 2018

Captain / Owner's representative

50m (Heesen) Motor Yacht Rocket

Overall in charge of this private dual season Bvlgari marina - Dubai based Motor Yacht cruising Middle East waters. Joined MY Rocket mid her Dubai season with permanent presence of Owner on-board and regular (up to 10 guests) events. Ran her with 11 international crew, liaised with 2 managements – Owner's and Burgess agency, I managed her through her yard maintenance period in Dubai in May 2018.

Referees – Management company Burgess (manager Ian Petty)

September - November 2017

Captain / Owner's representative

50m Motor Yacht Fly Me to the Moon

Overall in charge of this temporary season-completing gig on a private Monaco based Motor Yacht cruising Med sea. Joined this YPI managed classic Motor Yacht with no overlapping or handover from last Captain as previous crew left altogether. Winter maintenance preparations in end of October.

Referees – Management company YPI (managers Stanley Benngard and Nora Todorova)

August 2014 - September 2017

Captain / Owner's representative

48m (Heesen) Motor Yacht Let It Be

Overall in charge of this Heesen built (2007) Motor Yacht running with 7 crew members and cruising the Mediterranean Sea. Joined without handover from my predecessor I managed to build a great crew team and meet the short 3-weeks' notice to bring the yacht up to standard for her shining presentation on Cannes boat show and the following Monaco Yacht festival. Handling the budget frames, managing the yacht day-to-day business without shore management support, accounting for crew and supplies, sourcing quotations, provisioning, handling crew shortlisting and disciplinary issues, liaison with shore contractors for maintenance and spare parts delivery, establishing strong professional relation with services contractors and sale brokers, meeting the statutory flag requirements for safety equipment, flag and class certificates are just a few aspects of my achievements on-board MY Let It Be. However I have also benefited from both yacht shows by building many new professional relations and business contacts thus expanding my professional horizon. Evidential for my efforts and achievements on-board MY Let It Be are two excellent written references - one from the Owner and one from the central brokerage agency Gaspard Yachting. **Referees *Owner MY Let It Be, *Pierre Badin - Manager Gaspard Yachts *Ch. Engineer M. Kolev**

May - August 2014

Captain / Owner's representative 43m (Westship) Motor Yacht Mona Liza

Cruising Adriatic sea on a private and charter use with 7 crew on-board. Being a short seasonal assignment with a tight budget and abandoned exterior condition to catch up with I had to bring the boat up to standard, earn crew respect and set my authority in a very short time. We had our first charter with a very short notice - just two weeks after my joining which were used to source the crew and get it into a team spirit starting from scratch.

Referee – Chief Stewardess Rosi Kozhuharova

April 2012 - May 2014

Captain / Chief Officer 70m (Oceanfast) Motor Yacht Nomad

Annually 9 months straight as Chief Officer and Relief Captain on-board 70m Oceanfast build Mega Motor Yacht with full ISM and ISPS systems in place, cruising Mediterranean sea on Private and Charter use. Multinational crew, very busy tight schedule as an ISM Safety, ISPS Security and Environmental Officer passed successfully internal and external ISM and ISPS Audits with no remarks or non-conformities. Head of the Deck Department of four Deck crew including 2nd Officer. Hands-on maneuvering, docking, provisioning, accounting, planned and unplanned maintenance, heavy anchor and sea-going watch-keeping, water sports, Drills and checks, new crew joining members familiarization, yacht business correspondence, liaise with sub-contractors and running her day-to-day business routine operations. Overseen her annual dry dock period, planned and unplanned maintenance. My last period I served as Captain for 3 months straight.

Referees – 1) Captain Theodoros Perikleous and 2) Chief Engineer Marin Hristov

June - September 2011

Captain / Chief Officer 50m (Oceanco) Motor Yacht Anedigmi

I joined through her busiest HIGH Mediterranean season period cruising South of France, Italian Riviera, Corsica and Sardinia on a 3 months relief position as a Staff Captain/Chief Officer. I adapted fast to the team and earned respect as a Head of the Deck Department of four deck crew, handling responsibly my assignments as ISM, ISPS, GMDSS GOC, Navigational and Environmental Officer, Stand-alone Watch-keeping Officer, and smoothly running day-to-day Yacht business, stock control, LSA, FFE and Deck maintenance through IDEA software, organizing, supervising the guests safety in lots of daily swimming and water sports activities with jet-ski, wave-runners and sea-bobs, water - ski and inflatables towing.

Referee - Capt Hans Rost

Mar 2010 - Apr 2011

Chief Officer / Captain 75m (Hanseatic) Royal Motor Yacht Rabdan

I cruised the Arabian Gulf on a Chief Officer's and on multiple occasions – Captain's position. Having started from scratch when joined ghost yacht with no crew to take over from, I managed to bring her exterior to best presentation standard in shortest period possible to receive her Principle - His Highness the Crown Prince of Abu Dhabi. MY Rabdan was under a very short constant notice of readiness and kept in pristine exterior state managing the Deck Department in the local harsh sandy environment. She was registered as a Passenger class Yacht running a full ISM system on board hence keeping me busy with high-standard Safety and Security duties and maintenance daily tasks. I led her through several spotless internal and external ISM Audits and kept on performing Passenger-vessel-standard Safety Drills and trainings, improving the existing safety arrangement and Policy, suggesting and implementing Safety and Security amendments, organizing the maintenance of the Safety, Security and Deck equipment and water toys. I played key role for managing the Yacht preparation for the YAS "Grand Prix Formula 1" prestigious event in 2010 and oversaw her major refit in ADSB Shipyard in 2010/2011. Despite the huge Captain's turnover I was on and off Captain's role - totally 6 Captains to take and hand over to, maneuvered her alone on a few occasions for scratch-free docking in the tight Yas Marina on anchor-alongside-stern-to scheme. Along with my main duties I was additionally assigned as the Yacht car driver providing for the Yacht supplies and running all administrative tasks and day-to-day business in Abu Dhabi where I gained a valuable knowledge of the local suppliers and high-end yacht service providers. All my assignments as the Ship's ISM Safety Officer, Ship's ISPS Security and Environmental Officer, and Head of Deck Department of four crew (including Second Officer) I conducted with professionalism, dedication and pride having them proven with excellent written references.

Referees - Captains Stig Lungstrom and Howard Crowther

April – October 2009

Chief Officer / Assistant Engineer

39m (CRN) Motor Yacht Agatha

Cruising the West Mediterranean Sea as a stand-alone Officer of Watch, ISM Safety and ISPS Security Officer, Navigational Officer - Charts corrections and Routes preparation, I was also involved in lines-handling, maneuvering, Deck maintenance, deckhands management, hands-on full hull sides paint and stainless steel polishing, wash-downs, varnishing and touch-up painting, Safety Drills, training and crew familiarization, Yacht supplies and stock-control, GMDSS Radio Officer and Medical Officer duties, Oversaw her dry-docking period in AMICO shipyard - Genoa/Italy. I participated in Yacht Jet Ski RYA certification as a PWC Training Center along with obtaining my RYA PWC Operator and RYA PWC Instructor certification. During my contract I passed MCA AEC course and certification, got MCA UKLAP exam and certification, and took UK MCA Master unlimited ticket.

Referee-Ch Eng Veselin Teoharov
