

PROFESSIONAL REFERENCE

TO THE CAPTAIN AND MANAGER OF MY MONA LIZA

Herewith I aim to express my gratitude to Captain Chividzhiyan for providing friendly and productive working atmosphere on-board MY Mona Liza for her smooth operation and Guests comfort during our time together on-board. I had the pleasure to serve in capacity of Chief Stewardess with him on 43m Westship build Charter Motor Yacht MONA LIZA cruising the Med sea mainly in Montenegro waters from May to August 2014 under a busy charter schedule run with 7 international crew members on-board.

Despite the difficult environment found on-board - present long-time serving local Chief Officer and Chief Engineer with their established routines and rules, Captain Chividzhiyan swiftly and efficiently managed to gain their respect, establish his authority and show as a strong team bond for a very short period available.

Along with recruiting all the rest crew positions by sourcing and shortlisting profiles by himself without shore management support whatsoever, he managed to form a successful team, learn yacht specifics and get all up to the charter-ready standard within challenging 2 weeks' time before guests' arrival in Tivat.

After this contract our professional paths parted however I am looking forward to working with Captain Chividzhiyan again in the future should such an opportunity arise soon and am herewith recommending his charismatic personality and balanced leader style to any fine yacht owner with high standard demands!

Date: 15-Aug-2014

Signed Chief Stewardess.....
